

Condover CE (Aided) Primary School E Safety Policy

Condover CE (Aided)Primary School is committed to safeguarding and promoting the welfare of children and expects all staff and volunteers to share this commitment.

"As in any other area of life, children and young people are vulnerable and may expose themselves to danger - knowingly or unknowingly - when using the Internet and other digital technologies. Indeed, some young people may find themselves involved in activities which are inappropriate or possibly illegal.

"To ignore e-safety issues when implementing the requirements of Every Child Matters could ultimately lead to significant gaps in child protection policies, leaving children and young people vulnerable."

From: Safeguarding Children in a Digital World. BECTA 2006

Our e-safety Policy has been written by the school, following government guidance. It has been agreed by senior management and approved by governors.

- The school's e-safety coordinator is Gavin Burton
- The e-Safety Governor is Dave Baron
- The e-safety Policy and its implementation shall be reviewed annually.
- It was approved by the Governors September 2015 on and will be reviewed in the Autumn term 2016 as part of our safeguarding review

Roles and Responsibilities

Governors:

Governors are responsible for the approval of the e-Safety Policy and for reviewing the effectiveness of the policy. The role of the E-Safety Governor will include:

- Regular meetings with the e-Safety Co-ordinator/Officer.
- Regular monitoring of e-safety incident logs.
- Reporting to the Behaviour & Safety Committee.

Headteachers and Deputy Headteacher:

- The Headteacher is responsible for ensuring the safety (including e-safety) of members of the school community, though the day-to-day responsibility for e-safety will be delegated to the e-Safety Co-ordinator.
- The Headteacher/Deputy Headteacher is responsible for ensuring that the e-safety Coordinator and other relevant staff receive suitable CPD to enable them to carry out their e-safety roles and to train other colleagues, as relevant.
- The Headteacher/Deputy Headteacher will ensure that there is a system in place to allow for monitoring and support of those in school who carry out the internal e-safety monitoring role. This is to provide a safety net and also support to those colleagues who take on important monitoring roles.
- The Headteacher and Deputy Headteacher should be aware of the procedures to be followed in the event of a serious e-safety allegation being made against a member of staff.

The E-Safety Co-ordinator:

- Takes day-to day-responsibility for e-safety issues and has a leading role in establishing and reviewing the school e-safety policy/documents.
- Ensures that all staff are aware of the procedures that need to be followed in the event of an e-safety incident taking place.
- Provides training and advice for staff.
- Liaises with school ICT technical staff.
- Receives reports of e-safety incidents and creates a log of incidents to inform future e-safety developments.

Teaching and Learning

The Internet is an essential element for education, business and social interaction. Internet use is a part of the statutory curriculum and a necessary tool for staff and pupils, and so the school has a duty to provide pupils with quality Internet access as part of their learning experience:

- The school Internet access will be designed expressly for pupil use including appropriate content filtering.
- Pupils will be given clear objectives for Internet use and taught what use is acceptable and what is not.
- Pupils will be educated in the effective use of the Internet in research, including the skills of knowledge location, retrieval and evaluation.
- As part of the new ICT (computing) curriculum, all year groups have digital literacy units that focus on different elements of staying safe on line. These units include topics from how to use a search engine, digital footprints and cyber bullying.
- The school will ensure that the use of Internet derived materials by staff and pupils complies with copyright law.

Through ICT we ensure that the school meets the needs of all, taking account of gender, ethnicity, culture, religion, language, sexual orientation, age, ability, disability and social circumstances. It is important that in this school we meet the diverse needs of pupils to ensure inclusion for all and that all pupils are prepared for full participation in a multi-ethnic society. **The Prevent Duty (2015)** *'...makes it clear the need for schools to ensure that children are safe from terrorist and extremist material when accessing the internet in schools....As with other online risks other online risks of harm, every teacher needs to be aware of the risk posed by the online activity of extremist and terrorist groups.'* We also measure and assess the impact regularly through meetings our SEN co-ordinator and individual teachers to ensure all children have equal access to succeeding in this subject.

Pupils are taught in all lessons to be critically aware of the materials/content they access on-line and are guided to validate the accuracy of information.

Authorised Internet Access

By explicitly authorising use of the school's Internet access pupils, staff, governors and parents are provided with information relating to e-safety and agree to its use:

- All staff must read and sign the 'Acceptable ICT Use Agreement' before using any school ICT resource.
- Parents will be informed that pupils will be provided with supervised Internet access and asked to sign and return a consent form for pupil access.
- Only authorised equipment, software and Internet access can be used within the school.

World Wide Web

The Internet opens up new opportunities and is becoming an essential part of the everyday world for children: learning, homework, sharing are some of the legitimate and beneficial uses. However, there are inappropriate and undesirable elements that must be managed:

- If staff or pupils discover unsuitable sites, the URL (address), time and content shall be reported to the teacher who will then report to the Headteacher, by recording the incident in an e-Safety Log, which will be stored in the Headteacher's office with other safeguarding materials. The e-Safety Log will be reviewed termly by the e-Safety Co-ordinator.
- The school will ensure that the use of Internet derived materials by staff and pupils complies with copyright law.

- Pupils will be taught to be critically aware of the materials they are shown and how to validate information before accepting its accuracy.
- The school will work in partnership with the Local Authority to ensure filtering systems are as effective as possible.

E-mail

- E-mail is a quick and easy method of communication, ensuring beneficial and appropriate usage is an important part of e-safety:
- Pupils may only use approved e-mail accounts on the school system.
- Pupils must immediately tell a teacher if they receive offensive e-mail.
- Pupils must not reveal personal details of themselves or others in e-mail communication, or arrange to meet anyone without specific permission.
- Whole class or group e-mail addresses should be used in school rather than individual addresses.
- Access in school to external personal e-mail accounts is not allowed.
- E-mail sent to external organisations should be written carefully and authorised before sending, in the same way as a using outlook.
- Chain letters, spam, advertising and all other emails from unknown sources will be deleted without opening or forwarding.

Security and passwords

Passwords should be changed regularly. The system will inform users when the password is to be changed. Pupils and staff should never share passwords and staff must never let pupils use a staff logon. Staff must always 'lock' the PC if they are going to leave it unattended (the picture mute or picture freeze option on a projector will allow an image to remain on the screen and also allow a PC to be 'locked').

Social Networking

- Social networking Internet sites (such as, MySpace, Facebook) provide facilities to chat and exchange information online. This online world is very different from the real one with the temptation to say and do things beyond usual face-to-face contact.
- Use of social networking sites and newsgroups in the school, is not allowed and will be blocked/filtered.
- Pupils will be advised never to give out personal details of any kind that may identify themselves, other pupils, their school or location. This will also include not using personal photographs and videos.
- Pupils and parents will be advised that the use of social network spaces outside school is inappropriate for primary aged pupils.
- Pupils will be encouraged to only interact with known friends, family and staff over the Internet and deny access to others.

- Parents, pupils and staff will be advised of the dangers of discussing pupils, staff or the school on social networking sites. The governors will consider taking legal action, where appropriate, to protect pupils and staff against cyber bullying and defamatory comments.

Reporting

All breaches of the e-safety policy need to be recorded in the E-Safety reporting book that is kept in the general office. The details of the user, date and incident should be reported.

Incidents which may lead to child protection issues need to be passed on to one of the Designated Child Protection Lead Teachers immediately – it is their responsibility to decide on appropriate action not the class teachers.

Incidents which are not child protection issues but may require senior management intervention (e.g. cyberbullying) should be reported to senior management in the same day.

Allegations involving staff should be reported to the Headteacher. If the allegation is one of abuse then it should be handled according to the DFE document titled 'Dealing with allegations of abuse against teachers and other staff'. If necessary the local authority's LADO should be informed.

Evidence of incidents must be preserved and retained.

The curriculum will cover how pupils should report incidents (e.g. Ceop button, trusted adult, Childline)

Mobile Phones

Many new mobile phones have access to the Internet and picture and video messaging. Whilst these are the more advanced features, they present opportunities for unrestricted access to the Internet and sharing of images. There are risks of mobile bullying, or inappropriate contact.

- Pupils by permission of the Headteacher can bring mobile phones onto the school site where it is seen by the school and parents as a safety/precautionary use. These are handed into the school office at 8:40 and collected at the end of the day.
- The sending of abusive or inappropriate text messages is forbidden.
- Staff should always use the school phone to contact parents.
- Staff including students and visitors are not permitted to access or use their mobile phones within the classroom. All staff, visitors and volunteers should ensure that

their phones are turned off and stored safely away during the teaching day (see the mobile phone policy).

- Staff may use their mobile phones in the staffroom/one of the school offices.
- Parents cannot use mobile phones on school trips to take pictures of the children

On trips staff mobiles are used for emergency only

Digital/Video Cameras/Photographs

Pictures, videos and sound are not directly connected to the Internet but images are easily transferred.

- Pupils will not use digital cameras or video equipment at school unless specifically authorised by staff.
- Publishing of images, video and sound will follow the policy set out in this document under 'Publishing Content'.
- Parents and carers are permitted to take photos/videos of their own children in school events. They are requested not to share photos/videos from school events on social networking sites if other pupils appear in the background.
- The Headteacher, Deputy Headteacher or a nominee will inform parent(s)/guardian(s) and others present at school events that photographs/videos may be taken on the basis that they are for private retention and not for publication in any manner.

Staff should always use a school camera to capture images and should not use their personal devices.

Photos taken by the school are subject to the Data Protection act.

Published Content and the School Website

The school website is a valuable source of information for parents and potential parents.

- Contact details on the Website will be the school address, e-mail and telephone number.
- Staff and pupils' personal information will not be published.
- The Headteacher or a nominee will take overall editorial responsibility and ensure that content is accurate and appropriate.
- Photographs and videos that include pupils will be selected carefully and will not enable individual pupils to be clearly identified.
- Pupils' full names will not be used in association with photographs.
- Consent from parents will be obtained before photographs of pupils are published on the school Website.

- Work will only be published with the permission of the pupil.
- Parents should only upload pictures of their own child/children onto social networking sites.
- The Governing body may ban the use of photographic equipment by any parent who does not follow the school policy.

Information System Security

- School ICT systems capacity and security will be reviewed regularly.
- Virus protection will be installed and updated regularly.
- Security strategies will be discussed with the Local Authority.
- E-safety will be discussed with our ICT support and those arrangements incorporated in to our agreement with them.

Protecting Personal Data

Personal data will be recorded, processed, transferred and made available according to the Data Protection Act 1998 and Freedom of Information Act

Assessing Risk

The school will take all reasonable precautions to prevent access to inappropriate material. However, due to the international scale and linked Internet content, it is not possible to guarantee that unsuitable material will never appear on a school computer. The school does not accept liability for the material accessed, or any consequences of Internet access. The school will audit ICT use to establish if the e-safety policy is adequate and that the implementation of the e-safety policy is appropriate.

Handling E-Safety Complaints

- Complaints of Internet misuse will be dealt with by a senior member of staff.
- Any complaint about staff misuse must be referred to the Headteacher.
- Complaints of a child protection nature shall be dealt with in accordance with school child protection procedures.
- Pupils and parents will be informed of the complaints procedure.
- Discussions will be held with the community police officer to establish procedures for handling potentially illegal issues.

Communication of Policy

Pupils:

- Rules for Internet access will be posted in all networked rooms.
- Pupils will be informed that Internet use will be monitored.
- Pupils will be informed of the importance of being safe on social networking sites such as msn. This will be strongly reinforced across all year groups during ICT

lessons and all year groups look at different areas of safety through the digital literacy lessons.

Staff:

- All staff will be given the School e-safety Policy and its importance explained.

Parents:

- Parents' attention will be drawn to the School e-safety Policy in newsletters and on the school Website.

Further Resources

We have found these web sites useful for e-safety advice and information.

<http://www.thinkuknow.co.uk/>

<http://www.childnet-int.org/>

Set up by the Police with lots of information for parents and staff including a place to report abuse. Non-profit organisation working with others to "help make the Internet a great and safe place for children".

Appendices

Appendix 1 – AUP's

AUP for learners in KS1

I want to feel safe all the time.

I agree that I will:

- always keep my passwords a secret
- only open pages which my teacher has said are OK
- only work with people I know in real life
- tell my teacher if anything makes me feel scared or uncomfortable on the internet
- make sure all messages I send are polite
- show my teacher if I get a nasty message
- not reply to any nasty message or anything which makes me feel uncomfortable
- not give my mobile phone number to anyone who is not a friend in real life
- only email people I know or if my teacher agrees
- only use my school email
- talk to my teacher before using anything on the internet
- not tell people about myself online (I will not tell them my name, anything about my home and family and pets)
- not upload photographs of myself without asking a teacher
- never agree to meet a stranger

Anything I do on the computer may be seen by someone else.

I am aware of the CEOP report button and know when to use it.

Signed _____

AUP for learners in KS2

When I am using the computer or other technologies, I want to feel safe all the time.

I agree that I will:

- always keep my passwords a secret
- only use, move and share personal data securely
- only visit sites which are appropriate
- work in collaboration only with people my school has approved and will deny access to others
- respect the school network security
- make sure all messages I send are respectful
- show a responsible adult any content that makes me feel unsafe or uncomfortable
- not reply to any nasty message or anything which makes me feel uncomfortable
- not use my own mobile device in school unless I am given permission
- only give my mobile phone number to friends I know in real life and trust
- only email people I know or approved by my school
- only use email which has been provided by school
- obtain permission from a teacher before I order online
- discuss and agree my use of a social networking site with a responsible adult before joining
- always follow the terms and conditions when using a site
- always keep my personal details private. (my name, family information, journey to school, my pets and hobbies are all examples of personal details)
- always check with a responsible adult before I share images of myself or others
- only create and share content that is legal
- never meet an online friend without taking a responsible adult that I know with me

I am aware of the CEOP report button and know when to use it.

I know that anything I share online may be monitored.

I know that once I share anything online it is completely out of my control and may be used by others in a way that I did not intend.

Signed _____

AUP for any adult working with learners

The policy aims to ensure that any communications technology is used without creating unnecessary risk to users whilst supporting learning.

I agree that I will:

- only use, move and share personal data securely
- respect the school network security
- implement the schools policy on the use of technology and digital literacy including the skills of knowledge location, retrieval and evaluation, the recognition of bias, unreliability and validity of sources
- respect the copyright and intellectual property rights of others
- only use approved email accounts
- only use pupil images or work when approved by parents and in a way that will not enable individual pupils to be identified on a public facing site.
- only give permission to pupils to communicate online with trusted users.
- use the ICT facilities sensibly, professionally, lawfully, consistent with my duties and with respect for pupils and colleagues.
- not use or share my personal (home) accounts/data (eg Facebook, email, ebay etc) with pupils
- set strong passwords which I will not share and will change regularly (a strong password is one which uses a combination of letters, numbers and other permitted signs).
- report unsuitable content and/or ICT misuse to the named e-Safety officer
- promote any supplied E safety guidance appropriately.

I know that anything I share online may be monitored.

I know that once I share anything online it is completely out of my control and may be used by others in a way that I did not intend.

Continued...

I agree that I will not:

- visit internet sites, make, post, download, upload or pass on, material, remarks, proposals or comments that contain or relate to:
 - inappropriate images
 - promoting discrimination of any kind
 - promoting violence or bullying
 - promoting racial or religious hatred
 - promoting illegal acts
 - breach any Local Authority/School policies, e.g. gambling
- do anything which exposes others to danger
- post any other information which may be offensive to others
- forward chain letters
- breach copyright law
- use personal digital recording equipment including cameras, phones or other devices for taking/transferring images of pupils or staff without permission
- store images or other files off site without permission from the head teacher or their delegated representative.

I will ensure that any private social networking sites, blogs, etc that I create or actively contribute to, do not compromise my professional role.

I understand that data protection policy requires me to keep any information I see regarding staff or pupils which is held within the school's management information system private, secure and confidential. The only exceptions are when there is a safeguarding issue or I am required by law to disclose such information to an appropriate authority.

I accept that my use of the school and Local Authority ICT facilities may be monitored and the outcomes of the monitoring may be used.

Signed _____

AUP Guidance notes for schools and governors

The policy aims to ensure that any communications technology (including computers, mobile devices and mobile phones etc.) is used to supporting learning without creating unnecessary risk to users.

The governors will ensure that:

- learners are encouraged to enjoy the safe use of digital technology to enrich their learning
- learners are made aware of risks and processes for safe digital use
- all adults and learners have received the appropriate acceptable use policies and any required training
- the school has appointed an e-Safety Coordinator and a named governor takes responsibility for e-Safety
- an e-Safety Policy has been written by the school, building on the LSCB e Safety Policy and BECTA guidance
- the e-Safety Policy and its implementation will be reviewed annually
- the school internet access is designed for educational use and will include appropriate filtering and monitoring
- copyright law is not breached
- learners are taught to evaluate digital materials appropriately
- parents are aware of the acceptable use policy
- parents will be informed that all technology usage may be subject to monitoring, including URL's and text
- the school will take all reasonable precautions to ensure that users access only appropriate material
- the school will audit use of technology establish if the e-safety policy is adequate and appropriately implemented
- methods to identify, assess and minimise risks will be reviewed annually
- complaints of internet misuse will be dealt with by a senior member of staff

Appendix 2 – Parent letter – internet/e-mail use

Shrewsbury Cathedral Catholic Primary School

Parent / guardian name:.....

Pupil name:

Pupil's registration class:

As the parent or legal guardian of the above pupil(s), I grant permission for my child to have access to use the Internet, the Virtual Learning Environment, school Email and other ICT facilities at school. I know that my daughter or son has signed a form to confirm that they will keep to the school's rules for responsible ICT use, outlined in the Acceptable Use Policy (AUP). I also understand that my son/daughter may be informed, if the rules have to be changed during the year.

I accept that ultimately the school cannot be held responsible for the nature and content of materials accessed through the Internet and mobile technologies, but I understand that the school will take every reasonable precaution to keep pupils safe and to prevent pupils from accessing inappropriate materials. These steps include using a filtered internet service, secure access to email, employing appropriate teaching practice and teaching e-safety skills to pupils.

I understand that the school can check my child's computer files, and the Internet sites they visit. I also know that the school may contact me if there are concerns about my son/daughter's e-safety or e-behaviour. I will support the school by promoting safe use of the Internet and digital technology at home and will inform the school if I have any concerns over my child's e-safety.

I am aware that the school permits parents/carers to take photographs and videos of their own children in school events and that the school requests that photos/videos are not shared on any social networking site such as Facebook if the photos/videos contain images of other children. I will support the school's approach to e-Safety and will not upload or add any pictures, video or text that could upset, offend or threaten the safety of any member of the school community

Parent's signature:.....

Date:.....

Appendix 3 – School audit

Audit

The self-audit in should be completed by the member of the Management Team responsible for the e-safety policy.

Is there a school e-safety Policy that complies with Shropshire guidance?
Yes/No

Date of latest update (at least annual):

The Leadership team member responsible for e-safety is: _____

The governor responsible for e-Safety is:

The designated member of staff for child protection is:

The e-Safety Coordinator is: _____

The e-Safety Policy was approved by the Governors on _____

The policy is available for staff at:

The policy is available for parents/carers at: _____
